What is a Bluestocking ?

We have often been asked the origin of the word "Bluestocking," so we are reprinting one explanation of the name.

"In the late eigteenth century it was the fashion to hold soirees at which women were permitted to participate in conversation with literary and ingenious men. These societies came to be known as Blue Stocking Clubs because one of the most eminent members of these clubs, Mr. Benjamin Stillingfleet, wore blue worsted stockings rather than the more common black silk stockings of that day.

Such was the excellence of his conversation and so great a loss was his absence felt to be that it became fashion to say when he was not present, "We can do nothing without the bluestockings." The term has come into common and popular use to denote women who show a taste for learning and an inclination toward intellectual pastimes."

When we look back over our years together, many great memories come to mind. These memories spark stories that often begin with "Remember the days when..." As you look through this book, we hope that very fond memories of your years at Mary Baldwin College will come to mind. In some people's eyes, this is what they remember the most.

"Remember the days when...

"We pulled all-nighters for no apparent reason" Michelle Zwingman

"We had late night bouts of insanity" Sarah Walus

"We went sledding down the field hockey field in garbage bags" Adele Walker

"We road-tripped to VMI, Hampden Sydney, and W & L to hang out with our friends" P. J. Couey

"We did anything to avoid studying from insane games and conversations to checking the chimney for Santa Claus" Pattye Keeling

"Remember the days that I don't" Angela Winkler"

The Virginia Women's Institute For Leadership and Virginia Military Institute

Following a complaint by a female high school student in February, 1989, the U.S. Justice Department filed suit against VMI and the Commonwealth of Virginia for what it said were violations of the civil rights laws. The U.S. Court of Appeals for the Fourth Circuit in Richmond ruled that although single-sex education is educationally justifiable and a legitimate aim of public policy, the Commonwealth of Virginia must provide benefits for women comparable to what it provides for men at VMI. The Court gave VMI the option to admit women, go private, create a parallel program for women, or come up with some other creative option.

On September 27, 1993 the defendants filed what is now known as the "Mary Baldwin Plan" in the federal District Court in Roanoke, Virginia. It proposed single-sex military education for men at VMI, coeducational military education through the ROTC program at VPI-SU, and single-sex leadership education for women with military training at Mary Baldwin College. If this plan is approved, Virginia will be unique in the country for the variety of educational options it provides for its citizens.

A Mary Baldwin task force on leadership issues has been studying current research on women's learning and leadership styles and planning the curriculum for the proposed Virginia Women's Institute for Leadership. The committee co-chairs are the dean of the college, Dr. James Lott, and the dean of students, Dr. Heather Wilson. Members of the committee are faculty members Dr. Gordon Bowen, Dr. Carrie Douglass, Dr. Virginia Francisco, and Dr. Roderic Owen, student Maggie Kilday '96, and residence life coordinator Molly Duesterhaus.

VWIL's curriculum will have four components: the academic curriculum, the physical education and health education curriculum, the military-ROTC leadership program, and the co-curricular component.

In addition to meeting all MBC's requirements for a baccalaureate degree, students will have added requirements in math, science, computers and foreign language. They will also be required to take a certain number of courses focused on leadership. The physical education component of the program will include eight semesters of physical education and ongoing physical conditioning. For training in military leadership, students will take four years of ROTC. VWIL students will participate in a co-curricular program (including study halls and Saturday seminars) that balances a structured environment with student self-governance.

From February 9th through the 15th the U.S. District Court in Roanoke heard testimony on whether the benefits offered to women through the Virginia Women's Institute for Leadership (VWIL), as developed by Mary Baldwin College, would be comparable to the benefits provided to men through VMI. Witnesses for the defense argued that what MBC is proposing would provide at least comparable educational benefits in a holistic environment tailored to the developmental needs of women.

Court appeals of the case are expected to continue through 1995 or 1996 and to eventually reach the Supreme Court. Even if the plan is ultimately determined to be an unacceptable solution in the VMI case, Mary Baldwin will continue planning for a leadership program, but seek sources for private funding. As R. J. Loderick, class of '86, said, "Mary Baldwin has been about leadership for 152 years. This program can take Mary Baldwin into the future and continue that mission."

A HYMN FOR MARY BALDWIN
Scandinavian Folk Song
lyrics by Gordon Page

To these halls where Wisdom reckons,
To these hills where Beauty dwells;
Where the search for Learning beckons,
Where its tumult ever swells,

Here we bring our childhood visions
Stirring in the quest for Truth;
Here we forge the mind's decisions
Tempered by the faith of youth.

Friendship, honor, sorrow, laughter
Are the ways by which we learn.
Knowledge first, then wisdom after,
Love that seeks not for return.

When we reach the last tomorrow
Of our days in class, on field
We will know how we must borrow,
Mary Baldwin, from thy yield.

I would like to say thank you to my family and friends who have helped me get where I am today. I couldn't have made it without you. I would also like to thank Crista Cabe and Eddie Huff for believing that I could do this. Your confidence in me boosted my confidence in myself. Thank you! This book is for you!
Lori Anderson

I would like to dedicate the 1993-1994 yearbook to all of the men and women who work in Physical Plant. You keep this campus going and we couldn't get along without you. I'd also like to dedicate it to our hardworking yearbook staff. You all have been wonderful and have put up with a lot. Thanks to everyone!

Pampered Palate

Once upon a time, and on subsequent Thursday nights, a motley group of students and townspeople met at the Pampered Palate on Beverley Street. By candlelight they listened, sang, played guitars, read poetry, ate, served, acted, and reacted. Each one lived a little more happily ever after for having been there.

Upperclass PEGs are included with their classes in this yearbook

Tullidge Hall, home of the Program for the Exceptionally Gifted

The Program for the Exceptionally Gifted was designed to give particularly competent high school women a chance to excel in a more challenging environment. Incoming freshmen PEGs are between the ages of 12 and 15 and are housed in Tullidge. Tullidge also houses the PEG program offices. After one or two years, depending on the individual student, the student can then move into a dorm in central campus.

The program is a highly liberating experience for these special students. They are encouraged and supported in their endeavors by the faculty and staff of the college. Most of these students are highly motivated and flourish in a setting where they are allowed to truly realize their academic potential. PEGs are also encouraged to participate in cultural and social pursuits. PEG students are active in campus organizations and sports.

Mary Baldwin has striven to meet the unique needs of exceptional women of all ages. PEG has certainly been one of Mary Baldwin's success stories. We hope to hear more great things about these remarkable young women in the years to come.

To laugh often and love much; to win the respect of intelligent persons and the appreciation of honest critics; to earn the affection of children and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to give of one's self; to leave the world a bit better, whether by a healthy child, a garden plot or a redeemed social condition; to have played and laughed with enthusiasm and sung with exultation; to know even one life breathed easier because you have lived. "It All Depends on You"
Take a slice of butter, a piece of meat, some sand, a brick, some clay, and pine shavings and put them on a fire. Each is subjected to the same agent, yet the butter melts, the meat fries, the sand dries, the clay hardens, and the shavings blaze. Just so, under identical influences, circumstances, and environment, one man becomes stronger, another weaker, and another withers. In the long run, what life does to you depends on what life finds in you.

SPECIAL EVENTS

CHARTER DAY

Each year the Honor Pledge is signed by new students on Charter Day, during the first week of the academic year. On this date, the Student Government Association Charter is presented to the President of the Student Government Association by a member of the board of Trustees through the College President, as a renewal of the commitment to self governance. Upperclass students and the faculty reaffirm their support of the honor system at the same time. This year's address was made by Dr. Edward A. Scott, Associate Professor of Philosophy.

An Invitation...

to take up the torch and go forth with success as you walk along the footsteps of those before you. Keep your head high and your chin up. Never doubt your abilities because you are leaders of today and tomorrow's future.

P.J. Couey

FOUNDERS' DAY

The Traditon of Founders' Day

Mary Baldwin College began in 1842 as the Augusta Female Seminary. Its founder and principal for the first seven years was Rufus W. Bailey, a New England minister and teacher who had moved south in 1827 for his health.

Educated at Dartmouth and Andover Theological Seminary, Dr. Bailey gave the Seminary character and stability that have endured for 152 years. His high standards of instruction brought respect from the community and an everlasting widening circle of supporters.

One of Dr. Bailey's first pupils at Augusta Female Seminary was Mary Julia Baldwin, recalled as a fragile-looking girl with an overpowering enthusiasm for study and teaching. For a while she operated a "charity school" in Staunton and in 1863 was persuaded to take charge of the Seminary. Ingeniously she guided the school through the uncertain years of war and reconstruction and into an era of expansion and prosperity.

Through Miss Baldwin's 34 years of administration, the academic level of the courses offered was gradually raised until the curriculum for the higher classes was equivalent to that of colleges and universities. In 1895, the trustees changed the name of the institution to Mary Baldwin Seminary in honor and appreciation of the "valuable services and unparalleled success" of the principal. Thus, Mary Baldwin came to be recognized as the second founder and, because her birthday was October 4th, the College observes Founders' Day during that month.

Signature Ball is Mary Baldwin College's social event of the year. This is the time when everyone throws down their books, slips into an elegant gown, and goes to dance the night away. But Signature Ball is not only for couples, it is also for friends.

Alpha Lambda Delta, the national honor society for freshmen, honors students who achieve excellence during their first two semesters in a college or university. The organization was begun in 1924 at the University of Illinois. Alpha Lambda Delta became a national organization after chapters were formed at Purdue and Depauw in 1926 and 1927, respectively. The central purpose of Alpha Lambda Delta is to encourage superior academic achievement among students in their first year at institutions of higher learning, to promote intelligent living and a continued high standard of learning, and to assist women and men in recognizing and developing meaningful roles in society.

Membership into Alpha Lambda Delta is open to all freshmen who meet the national qualifications. Students must be studying for a bachelor's degree, taking a full load of courses, and rank in the top 20 percent of their class. The minimum grade requirement for membership is half way between the two highest grades achievable in the school. After being initiated, the student is a member of Alpha Lambda Delta for life. Members may remain active in the chapter during the rest of their college years. Students are "tapped" by the organization at the beginning of their sophomore year and also hold offices during the same year.

The insignia of Alpha Lambda Delta is a gold candle with the Greek letters superimposed over the candle. The colors of the society are red, gold, and white. Red represents the burning flame of knowledge. White represents the search for truth. Gold represents the strong base of honor. The coat of arms of Alpha Lambda Delta is a gold-bordered, black shield with a red-tipped, white candle above which is a white altar with an open book on it.

Alpha Lambda Delta participated in Freshmen Orientation.

New officers were elected for the 1993-1994 year. New members and officers were inducted in the spring. Officers are Pattye Keeling-President, Kristen Wing-Vice President, Camala Beam-Sec./Tres., Kristen Kokie-Senior Advisor, Adele Walker-Junior Advisor.

The freshman Class of 1997 selected Mr. Rick Plant of the English Department to be the 1993-1994 recipient of the annual Alpha Lambda Delta Faculty Book Award.

Members of Alpha Lambda Delta held a "Get Caught Studying" event in April. Members searched all dorms on a mission to catch students studying. Those students who "got caught studying" were rewarded with a treat for their dedication to academic excellence.

Physical Education

The entire Mary Baldwin College community was deeply saddened when Dr. J. Riley Haws, Assistant Professor of Music, passed away on May 26, 1994, just two days before the graduation of the class of 1994.

Dr. Haws will be fondly remembered by his former students and colleagues for his exquisite artistry on the piano, for his wry sense of humor, for his gentle charm and graciousness, and for his genuine concern for others.

In memory of Dr. Haws, members of the faculty and administration wore white carnations during Commencement.
